COMPETITION REDUCES PRICES

Refiners Alleged to Misrepresent
Case to People.

FARMERS BENEFIT BY TARIFF

Amount Expended for Labor and
Material in Manufacture of Do-
mestic Sugar Eight Times
that of Imported.

CHICAGO, Nov. 16.—Beet sugar manu-
facturers, who have been meeting in
Chicago for the last few days, closed
their session today after formulating
plans to combat the propaganda in the
interest of "free sugar," alleged to be
carried on by the cane sugar refiners
and the New York importing interests.
The beet sugar men declared that they
produce annually 600,000 tons of sugar and
draw raw material from sixteen states,
extending from Ohio to California, and
pay the American farmer \$30,000,000 an-
nually therefor. They contend that by
putting raw sugar on the free list the
domestic industry would be destroyed and
all competition thereby eliminated and
that thereafter the importers and re-
finers would have a complete monopoly.
After the meeting the chairman, C. C.
Hamlin of Colorado, issued a statement,
in which he characterized the publicity
attributed to the refiners as "a cam-
paign of misrepresentation inaugurated
for the purpose of prejudicing the minds
of the American people."
"The animus of these attacks is appar-
ent," Mr. Hamlin says. "Beet sugar is
the only competitor the refiners have,
as from it they can extract no toll and
every pound of beet sugar produced in
the United States means one less for
them to refine. The industry destroyed,
their only competition would be elimi-
nated and a few men in New York
would fix the price to be paid to the
producers of raw sugar on the one hand
and that to be charged the consumer of
refined on the other."

Beet Industry Grows.

"The production of beet sugar in this
country has increased from 45,246 tons in
1897 to 600,000 this year, and our capacity
for further expansion will be understood
when it is known that the Department
of Agriculture says that we have 347,000
acres of land suitable for beet culture.
If the industry is allowed to expand we
would within a reasonable time be pro-
ducing our entire requirements."

That we are not producing more beet
sugar today is due entirely to the tariff
agitation of the last few years and the
construction of many new factories is
being held up because of the threat of
tariff reduction.

"Due to an increasing domestic produc-
tion, sugar of all the necessities of life,
decreased in price during the last few
years, while the prices of other commodi-
ties advanced so rapidly as to make the
cost of living a national issue. The Ameri-
can consumers have been and are buying
their sugar cheaper than those of any
other nation, England alone, excepted."

Forces Prices Down.

"The production of beet sugar in our
country has this year, by reason of com-
petition between beet sugar manufactur-
ers resulted in beet sugar selling at 4 1/2
to 5 1/2 a pound, when the New York
refiners were quoting a price of 7 1/2
cents per pound. When the beet crop came on
the market the price began to decline
and already the refiners have been com-
pelled to reduce their price over 1 1/2
cents a pound."

The beet supplies half of the sugar
of the world and this Europe produces
about 50 per cent of the 8,000,000 tons.
The European crop for this season is over
2,000,000 tons short because of an
unprecedented drought and as this repre-
sents 15 per cent of the normal production
of the world, or 500,000 tons more than the

World-Herald, Bryan Says, Now Meets with Wall Street Favor

LINCOLN, Nov. 16.—(Special Telegram.)
—Asserting that the Omaha World-Herald
is lapsing from its former position and
that it used to be a vigorous outspoken
exponent of democracy, W. J. Bryan this
week refers to it as having an editorial
page that can be quoted with approval
by the Wall street crowd that it used to
take pride in fighting.

The denunciation is occasioned by a
recent editorial in the Omaha democratic
organ, which defends the supreme court
decision that put the word "unrea-
sonable" into the Sherman anti-trust
law, a decision which Mr. Bryan says
violates the spirit of the constitution if
not the letter in that the court amended
the law referred to.

"Let the World-Herald editor print the
law against burglary or larceny with the
word 'unreasonable' inserted," says Mr.
Bryan, "and its readers will then see the
absurdity of that paper's position."

Lorimer's Defense is Conspiracy by Political Enemies

CHICAGO, Nov. 16.—Sharp questioning
into the New York importing interests,
the best sugar men declared that they
produce annually 600,000 tons of sugar and
draw raw material from sixteen states,
extending from Ohio to California, and
pay the American farmer \$30,000,000 an-
nually therefor. They contend that by
putting raw sugar on the free list the
domestic industry would be destroyed and
all competition thereby eliminated and
that thereafter the importers and re-
finers would have a complete monopoly.
After the meeting the chairman, C. C.
Hamlin of Colorado, issued a statement,
in which he characterized the publicity
attributed to the refiners as "a cam-
paign of misrepresentation inaugurated
for the purpose of prejudicing the minds
of the American people."

"The animus of these attacks is appar-
ent," Mr. Hamlin says. "Beet sugar is
the only competitor the refiners have,
as from it they can extract no toll and
every pound of beet sugar produced in
the United States means one less for
them to refine. The industry destroyed,
their only competition would be elimi-
nated and a few men in New York
would fix the price to be paid to the
producers of raw sugar on the one hand
and that to be charged the consumer of
refined on the other."

That we are not producing more beet
sugar today is due entirely to the tariff
agitation of the last few years and the
construction of many new factories is
being held up because of the threat of
tariff reduction.

"Due to an increasing domestic produc-
tion, sugar of all the necessities of life,
decreased in price during the last few
years, while the prices of other commodi-
ties advanced so rapidly as to make the
cost of living a national issue. The Ameri-
can consumers have been and are buying
their sugar cheaper than those of any
other nation, England alone, excepted."

REBELS PLAN TO ATTACK PEKING

Revolutionists Are Gathering Army
for Attack Upon Last Strong-
hold of Manchus.

POWERS WILL SEND TROOPS

International Force Will Keep
Railroad to Sea Open

YUAN REORGANIZES CABINET

Nobles Are Excluded from New Chi-
nese Ministry.

FEW MANCHUS ARE ON THE LIST

Southern Half of Peking Province
Goes Over to Revolutionists—
Rival Factions Fight at
Chang Chow.

SAN FRANCISCO, Nov. 16.—Attack on
Peking in the immediate future is con-
templated by the revolutionists, accord-
ing to a cable dispatch received today by
the Chinese Free Press of this city. The
dispatch came from Hong Kong and said
that the revolutionary government in
Quang Tung province had received from
General Li Yuen Heng orders to send
reinforcements to Wu Chang, there to
concentrate in preparation for the attack
on Peking. Upon receipt of the order the
assembly met and decided to send Brig-
adier General Jung Juan Quai and a
brigade of troops to Wu Chang.

United States Will Send Troops.

WASHINGTON, Nov. 16.—Not a soldier
will leave the Philippines for China, ex-
cept on orders from President Taft. Such
orders have not yet been given and it
is said that before acting the president
is awaiting the arrival in Washington to-
day of Secretary of War Stimson and
Major General Leonard Wood, chief of
staff, who are returning from the west.
In anticipation of the issue of the order
the War department has made every
preparation for a speedy movement of the
regiment from Manila to Ching Win
Tao, on the railroad running from
Peking via Tien Tsin to Mukden. The
organization which will be sent has not
yet been selected. It is presumed the
choice will fall on one of the infantry
regiments, of which there are now three
at Manila or close by. Either of these
could be landed in Chin Wing Tao in
about six or seven days.

Representations were made in an un-
official manner to the State department
several days ago by some of the foreign
ministers in China through the American
legation that it was incumbent on the
United States to furnish troops as part
of an international police force to keep
open the railroads from Peking to the sea
and also protect foreigners in the event
of anarchy.

State department dispatches show that
the financial situation in China is be-
coming critical; that there are less than
4,000,000 taels in the treasury (probably
equivalent to about \$3,000,000), including
gifts from court funds. Fear is expressed
that if the loyal troops are not paid they
will revolt or disband.

PARIS, Nov. 16.—The Temps under-
stands that there have been exchanges
between the powers relative to the
eventual dispatch of foreign troops along
the railroad from Peking to Tien Tsin
and that American initiative in the matter
would not be surprising.

VALLEJO, Cal., Nov. 16.—The cruiser
Cincinnati, Commander Samuel S. Rob-
inson, left Mare Island navy yard today
for China. The Cincinnati was under
orders to relieve the New Orleans, but it
is understood now the New Orleans will
remain on the Asiatic station until the
Chinese situation clears.

Yuan Reorganizes Cabinet.

PEKING, Nov. 16.—7:30 p.m.—A cabinet
formed by Premier Yuan Shi Kai was
announced in an imperial edict issued to-
day. It includes a few Manchus, but no
nobles. Some of the ablest men of China
are omitted, but under the circumstances
the ministry is considered satisfactory.
The composition of the new constitu-
tional cabinet is as follows:
Premier—Yuan Shi Kai.
Board of Foreign Affairs—Liang Tun
Yen, president; Hu Wei To, vice presi-
dent.
Board of Finance—Yen Shi-shi, presi-
dent; Chen Chin-Tao, vice president.
Board of Communications—Yang Shih
F, president; Liang Ju Hiao, vice presi-
dent.
Board of War—Nang Shih Cheng, presi-
dent; Tien Wen Teh, vice president.
Board of Justice—Shen Chi Pen, presi-
dent; Liang Chi Chiao, vice president.
Board of Agriculture and Commerce—
Chang Chien, president; Hui Yen, vice
president.
Board of the Navy—Admiral Sah Chen
Hing, president; Tah Hsueh Heng, vice
president.
Board of Instruction—Tang Ching

PACKERS' WRIT IS DELAYED

Judge Kohlsaat Hears Argument
and Withholds Decision for Day.

GOVERNMENT RAISES NEW POINT

Contention that the Packers Were
Not Legally Surrendered to
Their Bondsmen and Case
Has No Merit.

CHICAGO, Nov. 16.—No decision in the
appeal of eight indicted Chicago packers
for writs of habeas corpus can come
before tomorrow as a result of Judge
Kohlsaat in the United States circuit
court granting twenty-four hours' delay
for counsel for the packers to answer
affidavits by government attorneys.

In the meantime arguments were pre-
sented by attorneys for the government
arguing that writs issued November 14 be
quashed and the government allowed to
proceed with its trial, set for next day,
on indictments charging violation of the
Sherman anti-trust law.

In any event, it is not believed the
trial of the packers will begin Monday.
In case Judge Kohlsaat sustains the
government's contention that the packers'
petition was not in good faith and
quashes the writ, the indicted men have
announced they will appeal to the su-
preme court and thus obtain a ruling on
the constitutionality of the criminal ses-
sions of the Sherman law. This, accord-
ing to counsel, will have the effect of
preventing trial on the indictment until
after the ruling.

Should Judge Kohlsaat sustain the
packers' pleas and grant the writs, the
government will appeal to the supreme
court.

Common Law Cited.

After Judge Kohlsaat directed the ap-
plication to proceed on the face of the
petition without regard to the affidavits,
Attorney Sheehan argued that the United
States district circuit courts, follow the

Aldrich Says Trans- Mississippi Congress is Largely a Fake

(From a Staff Correspondent.)
LINCOLN, Neb., Nov. 16.—(Special Telegram.)
—Governor Aldrich, who has just re-
turned from the Transmississippi con-
gress at Kansas City, brands the meeting
as a fake and an affair made up of dele-
gates appointed for the purpose of get-
ting appropriations for Kansas City and
the Missouri and Mississippi rivers.

"Harmon of Ohio was there," said the
Nebraska executive, "and according to a
statement made to me by a democratic
congressman, lined up a lot of the dele-
gates at a secret meeting in favor of his
candidate for president. At the meeting
he told them what he had done, analyzed
his progressive order and urged them to
support him."

Eight Millions Need

Failure of Crops

ST. PETERSBURG, Nov. 16.—Eight
million persons are in need of immedi-
ate relief owing to the failure of the
crops in twenty Russian provinces. This
startling announcement was made to-
day in the drama by Premier Kokovtsov in
reply to interpellation. The necessary
measures would require, the premier said,
the expenditure of \$20,000,000.

Duke of Connaught
Urges Tariff Board

OTTAWA, Ont., Nov. 16.—The first
session of Canada's tariff Parliament was
opened today by his royal highness, the
duke of Connaught.
The appointment of a tariff commission
was urged in the speech from the throne.

BRYAN IS AFTER UNDERWOOD

Says Southerner Would Be Can-
didate of Wall Street Democrats.

THINK HARMON IS TOO OLD

Special Interest Want Man Who is
a Fighter to Lead in Its Bat-
tle Against Proposed
Reforms.

(From a Staff Correspondent.)
LINCOLN, Neb., Nov. 16.—(Special
Telegram.)—William J. Bryan makes some
remarks editorially this week with regard
to democratic presidential possibilities.
He is more than outspoken in giving rea-
sons why Harmon should not be nomi-
nated and evinces some very positive
ideas as to the advisability of the Wall
street democrats naming Oscar Under-
wood as their choice for the presidency
over the Ohio executive. He says:

"The Harmon strength shows signs of
shifting to Congressman Underwood.
This was to be expected. The Wall street
crowd does not lack intelligence and it
would be very dull if it did not see in Mr.
Underwood a more efficient representa-
tive than Governor Harmon could possi-
bly be. In the first place Governor
Harmon's age is against him. Wall
street does not expect to elect a reaction-
ary democrat, even if it succeeds in nomi-
nating him. Wall street needs a strong
man in the democratic party to lead its
fight against reforms. Mr. Harmon does
not fill the bill as well as Mr. Under-
wood. He will be 65 next year, past the
fighting age and he lacks Underwood's
fighting spirit, anyhow. Then again,
Governor Harmon is not at Washington,
while Mr. Underwood represents a district
in which the steel trust has enough influ-
ence to keep him in Congress."

"If Mr. Underwood is nominated it will
increase his prestige and he will be in
position to lead the reactionary element
of the party against progressive measures.
It would be easier, too, to nominate him
than to nominate Governor Harmon. He

IMPLEMENT MEN COMING AGAIN

Mid-West Implement Dealers' Asso-
ciation Chooses Omaha for
Next Year.

HERPOLSHEIMER IS RE-ELECTED

Most of the Old Officers re Selected
for Another Term.

DEALERS TALK COST SYSTEM

J. A. Craig Tells the Convention
How to Figure Cost.

EXPENSE ESTIMATE NECESSARY

Convention Comes to a Close, Al-
though Dealers Remain Over to
Attend Implement Show at
the Auditorium.

Omaha was chosen as the place for the
1912 convention of the Mid-west Retail
Implement Dealers' association at the
closing session yesterday and the dates
were set as November 12, 13 and 14.

Paul Herpolsheimer of Seward was
chosen president, M. L. Goodman of
Vesta, Neb., secretary, and C. A. Wagner
of Omaha, treasurer, all three being re-
elected. Ed Lemkuhl of Wahoo, Neb.,
was elected vice president and Oscar Ry-
strom of Stormburg, Neb., and Mr.
Waples of Cassia, Ia., were made di-
rectors for three years.

The association passed resolutions fa-
voring the working of state convicts on
state highways, favoring penny postage
and opposing parcels post.

Many of the implement dealers remain
in the city today to pay a further visit to
the implement exposition at the Audi-
torium, which closes this evening. Be-
tween 60 and 800 dealers were registered
for the convention.

Cost Accounting.

Members of the Mid-west Implement
Dealers' association yesterday listened
to an exposition of cost accounting by
J. A. Craig, a manufacturer of Janesville,
Wis. Cost accounting is a comparatively
new feature of trade conventions and is
now generally talked in lieu of price fix-
ing and boycotting, which used to be ad-
vocated as a means of getting adequate
profits in business.

"Estimate all your expenses in advance
according to rules laid down from the ex-
perience of others, then you will know
what profit you will have to get to sur-
vive in the business world and will de-
cline to cut prices," is the maxim of cost
accounting.

Mr. Craig itemized the various expenses
for the average implement house with a
capital of \$5,000, showing that annual ex-
penses of \$4,000 could be expected. The
average volume of business done on a
capital of \$5,000, he said, is \$25,000, and
the expense of doing business is three per
cent. If the dealer fails to make his es-
timate of expenses in advance, live up to
it, and if he fails to make an estimate
of the business he should do each month
and contrive methods of gaining net
month what he loses this month in sales
he will be disappointed when he comes to
balance his books at the end of the year,
said Mr. Craig.

Include All Expenses.

Every item of expenses imaginable, in-
cluding telephone tolls and subscriptions
to hospitals and church fairs, was in-
cluded in Mr. Craig's estimate, and the
speaker expressed his opinion that if the
dealer does not take account of every
one of them he is not doing business on a
solid basis.

"The telephone adds to the burden of
expense of doing business," he said. "Your
customer telephones you to come out and
repair his gasoline engine when he would
find a way of repairing it himself if he
didn't have access to the telephone. And
he will make you pay for the call if you
will stand for it."

"Every donation made to a hospital,
church, charity fund or any kind of a
benevolent enterprise or institution should
be charged to the expense of doing busi-
ness. It should be put on the books im-
mediately or you will forget it."

Favors Limited Parcels Post.

After an address on "Business and
Politics," Senator G. M. Hitchcock was
asked what he thought the attitude of the
next congress would be on the parcels
post question. Without attempting to
answer that particular question, Mr.
Hitchcock expressed his own view that
parcels post, as generally understood,
would work to the detriment of the small
town, but he was inclined to favor the
"limited" parcels post, which would allow
parcels to be sent by rural mail from the
small towns to protect against the pas-
sage of a parcels post law, he said
it would be better for them to convince
their representatives and senators that
Nebraska is opposed to parcels post.

The business session of the convention
closed yesterday afternoon, but the imple-
